**S**ilver Coast Properties is a full-service real estate brokerage providing sales and marketing support to southeastern North Carolina residents, as well as comprehensive buyer support including property evaluation, negotiations, and acquisition. Our commitment to clients has resulted in a sterling reputation with thousands of satisfied real estate buyers and sellers.

## SELLER SERVICES

Silver Coast Properties is more than a real estate company, we are your technology and marketing partner. We provide our real estate listing clients with access to the latest in cutting-edge technology to make their property stand out from the competition.

More than 98% of would-be buyers begin by investigating communities and real estate online. We capitalize on this trend for our clients by employing the latest 3-D virtual tour technology, professional photography, aerial photography and custom website development for each home.

Many large national brokerages flout their size as the reason you should list your property with them. The reality is the Internet has given the advantage to small dynamic companies. In fact, the data indicates that less than 10% of the time, properties are sold by the same listing company.

Our boutique-style brokerage provides the individualized service that our clients expect from a business partner. Silver Coast Properties possesses the knowledge and market acumen to communicate the benefits of your home to would-be buyers.

Many firms will enter your home in the MLS and wait for a buyer. We are actively engaged in the process of marketing your home online and through a network of marketing channels. Boasting more than 20 top ranking websites, we are uniquely poised to market and sell your property.

*Call us at (800) 975-6024 for a confidential, no-pressure discussion about our services and market conditions.*

## BUYER SERVICES

Our area offers a diverse collection of real estate options appealing to individuals and families interested in a full-time residence, second home or beach getaway. The real estate products support a variety of needs and budgets. We are here to help you understand the myriad of options and advise you which is the best choice based on your needs.

### New Home Construction

Sunset Beach is a desirable seaside location and continues to offer new home construction on both privately owned and developer owned lots. We are here to support you throughout the new home construction process. Building a home can be a very rewarding experience, allowing the homeowner the ability to tailor the home to their tastes and lifestyle. Our team is here to offer as much or as little assistance as you need based on your knowledge, experience comfort level with building a home. The Silver Coast Properties team provides the same assistance as if the owner were purchasing a pre-owned home. And, like a pre-owned home, our agency is compensated by the seller/

builder to help both parties achieve their desired goals.

### Custom Home Building Lots

Silver Coast Properties provides essential services to help our clients identify, evaluate, and purchase a building lot. Our experienced team will help you identify the best fit for your needs and budget, as well as avoid those areas that are more susceptible to flooding, have disadvantaged locations or may require higher lot preparation and construction costs.

We support our clients with reputable builder recommendations and hold your hand through the building process. With more than a decade of experience helping with new construction our team is here to be a pivotal ally in turning your custom dream home into a reality.

Our professional support includes, but is not limited to:

- Identifying the perfect lot
- Sourcing a qualified home designer/architect

- Evaluating and selecting a local builder
- Providing recommendations for home features based on our years of experience
- Coordinating a transition rental while you build—depending on your needs

### Pre-owned Homes, Townhouses and Condominiums

Pre-owned homes are a convenient option for our clients that don't have the time to build or don't wish to go through the building process. The availability of pre-owned homes varies through the year with the spring and fall historically being the more active real estate markets. However, the expectation of a busy season has changed in the last few years because of a steady stream of new residents investigating and falling in love with our desirable seaside location.
